

19th January - 31st January 2012  
Robert & Kathy Graham  
Wantage, Oxfordsh., VISITORS  
England.

Well, Up!, You have spent 13 days with us  
and you survived - Well done.

For us, it is the journey that is important, not  
the destination and you have certainly made  
our journey both memorable and enjoyable.

Your intellect coupled with your sense of humour  
made our trip very special. You guided us to  
so many inspiring places, to see so many birds  
and animals and to visit many wonderful  
landscapes. Yet I only took 1873 photographs!

Your country and its people will remain in  
our memory for ever. Especially the people  
who are the friendliest people on earth

Thank you for a brilliant holiday

Very best wishes

Robert and Kathy Graham
